

Oxford University Computing Laboratory

Fully funded DPhil Studentship

in

Information Systems

How to apply:

The deadline for applications is **30th April, 2008**. Interviews for qualified candidates will take place in April or May. Previous applicants do not need to reapply.

You can either apply online or download the University's application form from:

<http://www.admin.ox.ac.uk/postgraduate/apply/forms/>.

You will need to submit references, transcript and a statement of research interests (in the slot marked "research proposal")

All applications are subject to a £25 application fee.

When you have submitted your application, will you please email Julie Sheppard: Julie@comlab.ox.ac.uk to inform her that you have done so and send a copy of your application to Julie.

Further Information

Further details of the Information Systems Group's work can be found at:

<http://www.comlab.ox.ac.uk/oucl/work/stanislav.zivny/db/members.html>

This position is not tied to a project, and any student with a strong background in theoretical computer science and an interest in information management can apply.

Research topics available include logic and complexity: (logic and automata on trees, tractability of graph and hypergraph algorithms), database theory (tractability in query processing, foundational and systems issues in XML query processing, data cleaning, and data integration), and database systems (querying of social networks, information extraction, stream processing).

If you have any questions about the applications procedure please email Julie@comlab.ox.ac.uk
